Lafene CaPS Assistant Director
Kansas State University

I am pleased to submit my self-nomination for the AUCCCD Board of Directors. As an early career psychologist and newer leader within my counseling center, I am aware of the unique challenges that young professionals experiences and am passionate about advocating for our needs. I'm also a first-generation college student and am familiar with navigating systems that were not created with me in mind. My training as a Counseling Psychologist ensures that I maintain a strong stance on uprooting White Supremacy, challenging taken-for-granted assumptions, and healing systemic trauma and internalized -isms. My intersection of privileged and oppressed identities has taught me the value of taking up and giving space when involved in organizations. My past and current leadership roles as the Treasure for Division 17's Section on Advocacy for Sexual Orientation and Gender Diversity, Chair for Division 17's Section of Supervision and Training, and Co-Chair for Division 17's Program Committee, demonstrate my willingness to lead and ability to affect change. I would be honored to represent the AUCCCD membership through involvement in the Board.
