For Licensed Mental Health Counselors: The minimum requirement is a Master of Mental Health Counseling degree or related discipline, and possession of a NY State license in mental health counseling (LMHC).

Preferred Qualifications:

Previous work experience in a University or college mental health setting. Experience providing group psychotherapy and risk assessment in an outpatient treatment setting. Training and experience conducting workshops

and/or outreach programming on depression/suicide prevention. Electronic medical record keeping experience with programs such as Medicaat, Point and Click, and/or Titanium. Experience supervising and teaching practicum students/interns. Proficiency in spoken and/or written languages other than English.

Brief Description of Duties:

The Counselor assists in developing and implementing mental health programs for the campus community including the provision of individual and group therapy and counseling to students, assessment interviews, referrals, and consultation with faculty and staff around issues related to the developmental and psychological needs of college students.

The successful incumbent will have excellent customer service and interpersonal skills, exercising strong organizational and time-management skills with an exceptional attention to detail. Essential for this role is the adeptness to work independently as well as part of a team with a collaborative approach to problem solving.

- Provides psychological counseling to students, individually and in group sessions, to assist in overcoming dependencies, adjusting to transitions of college life, and making changes. Maintain current, accurate clinical documentation to meet NY, federal (HIPAA) and accreditation standards and CAPS policies in all areas. Serves all campuses including West, East (HSC) and Southampton campus locations.
- Performs crisis intervention and consults or refers to psychiatric and/or medical resources as needed. Guide clients in the development of skills and strategies for dealing with their problems. Discusses progress toward

- goals with students such as family relationships, educational programs, social development, or other problems of concern.
- Provides assessment of and intervention with students, as mandated by the University Behavior Assessment Committee. Works directly with students, their parents/guardians when indicated, and campus/community resources when a student has exhibited behaviors leading to concerns of violence, potential violence, threat to self/other, and/or disruption within the campus community.
 - Develops, trains, and participates with staff, faculty and students in presenting specialized programs or to particular student groups as identified by the Director of the Counseling Center, including the initial and on-going training of residence hall and other appropriate staff on relevant campus issues such as depression/suicide prevention, alcohol abuse, human sexuality, study skills; recommends and designs educational programs to assist students in their development in these areas
 - Actively participates in a range of outreach and prevention programs such as “Let's Talk”, providing workshops and programs to students including ADV 101 courses, campus depression screenings, orientations and other community-based interventions as assigned.
 - Other duties or projects as assigned as appropriate to rank and departmental mission.

Special Notes:

This is a CYF 10 month appointment with a non-obligation period of June 1-July 31. FLSA Exempt position, not eligible for the overtime provisions of the FLSA. Minimum salary threshold must be met to maintain FLSA exemption.

Employee may be required to provide the above services at

either the Main campus, HSC/East campus or Southampton campus. This position may also require evening and/or weekend hours.

Essential Position:

This has been designated as an essential position based on the duties of the job and the functions performed. Positions that are designated as such are required to report to work/remain at work even if classes are cancelled, and the campus is working on limited operations in an emergency.
